

## MTHA Web Page User Registration

	Date
Members full Name	
Address	
City/Town	
Email address used for registration (you must print neatly !)	
Telephone to reach you	
USER NAME	
PASSWORD (6-8 characters)	

In registering to use the "Member Page" section of the website **masstreasure.com** I agree to use my registration for keeping up with the club and it's members.

I will not post my information on any other web based message board or give it to another member.

WHY? Information about members including their phone numbers and addresses are kept confidential in our club. We do not publish this information for the safety and security of our members and the treasures and property they have found; and might have in their possession. We use only first names on the public section of our web pages (except for the board members)

Internet "bots" and hackers try to register to websites with the hope they can obtain information on members and to infiltrate the data bases of the websites. This is an everyday occurrence and we have some security installed to prevent this but at times we are inundated with strikes against our web pages.

We are limiting access to our private member pages to paid members only.

I understand the above paragraphs and agree to use the web pages correctly.

Your signature \_\_\_\_\_ date \_\_\_\_\_

You will receive a welcome letter when your registration is complete at your given email address.

If you make an error logging in you will be allowed 10 tries before you are locked out for one hour. It's easy to ask the site to mail your info as long as you know what email address you used.

NOTES: \_\_\_\_\_
